

PW4 4AB hodina 21 2021

- 1) zkontrolujeme úkol AB 31 – Silly Fox – a hlavně vlastní tvorbu, krátké příběhy.
- 2) *odloženo z minule*: V **PB 36** doplníme podle poslechu CD2/6 , v **AB 32** podle **CD2/7 a CD2/8**.
- 3) Protože se minule docela dobře dařilo používat různé (předem připravené) slovesné časy, zkusíme ještě jedno podobné, delší cvičení. (*Unit 6 začneme až příště*)

Part 4:

Tvoje vlastní pokračování příběhu, část 4 – co se stane, když se Jack vzbudí, potká Iana a dozví se, že z cirkusu skutečně utekl tygr, a jdou ho spolu hledat – musí mít nejméně 5 vět.

Pokud vyprávíš události postupně, jak jdou za sebou, použijvej prostý čas.

Pokud líčíš scénu, co se právě odehrává, použijvej průběhový čas.

Neboj se chyb – nejspíš nějaké uděláš, ale to je dobrý začátek :-)

3) Procvičíme průběhový čas v otázce – pomocné sloveso IS/ ARE/ AM stojí před PODMĚTEM].

Podtrhej **pouze v otázkách**: podmět věty rovně a pomocné i významové sloveso vlnovkou.
