

0) Check FCE hw assignment, assign more FCE tests for next week:(or we can skip that this time in favour of the essay preparation).

1) Check HW – a copy of *Oxford Discover Futures Workbook 4 (ODF4) p. 78*.

2) Listening **ODF4 p.79** (if we didn't add that to last week's program),
a video from the unit (ditto) (what does ditto mean?)

3) **ODF4 p 80 – 81** – analyzing a cause-and-effect essay.

HW: p. 81 - Think and Plan – 5, 6, 7, 8

(! Use a separate sheet of paper for 7, 8 – I expect you to hand your preparation in. Sending it to my e-mail art4art@centrum.cz prior to the lesson or as an attached document to my WA is also an acceptable form of delivering your assignment.)

4)

Use the same word in each pair of sentences.

dam(s) divert irrigation

Some ancient civilisations used systems to improve their agriculture.
..... is essential in countries with dry climate.

Beavers build Do you know why?

A can serve as a water supply and it can be used to produce hydroelectricity.

The police had to the traffic because one of the roads was flooded.

We need to water away from our house.

fresh glacier(s) inland coastal

Some areas will have problems when the sea levels rise.

A lovely town was our holiday destination.

The pollution of oceans is partly created, when people dump rubbish into rivers.

Living seems safer than living on the coast, but you are still in danger of floods.

Countries that don't have enough water must remove salt from salty water.

I think that water fish are not as tasty as sea fish.

Skiing on a in the Alps was an unforgettable experience.

In the future, in Europe might melt and disappear altogether (= completely).
